Cup and Plate Quarter–Finals – 22 January 2019

... and Semi–Final Draws

With both **Dolphin** teams still in the Cup and both **Harrington** teams still in the Plate, we have the possibility of local derbies in both finals!

The quarter-finals were all high–scoring affairs. Top scorers were the **Weaver**, whose 122 points was the highest score in the Cup since the **Dolphin** scored 133 in last season's first round. The highest aggregate was 220, in the match between the **Dolphin Dragons** and the **Church House Bollington** (won by the Dragons, by just six points). This equalled the aggregate in last season's final.

Top scorers in the Plate were the **Robin Hood**, whose 118 has only been beaten in recent years by the **Waters Green Rams** in this competition, and would have won two of tonight's Cup games.

The Quarter Final questions were set by the **Ox–fford** and **Waters Green Rams**. These two teams were asked to provide three question masters each, to cover the Cup and the Plate; the **Cock Inn** and the **Sutton Mutton** were asked to provide one question master each.

The semi–finals will be played on **Tuesday 19 February**. The questions will be set by the **Park Timers** and **Rushton Diamonds**. These two teams are asked to provide two question masters each, to cover the Cup and the Plate.
